Termination: Railroad reserves the right to terminate this Agreement, in whole or in part, by giving the other parties not less than thirty (30) days advance written notice of such termination. Termination of this Agreement, or any portion thereof, for any reason shall not release any party from any obligations they may have accrued prior to such termination.

Each party agrees to indemnify the other from and against any damage(s) suffered by a party as a result of disclosure by a party hereto, or by an auditor, of any of the terms, conditions or rates set forth herein in violation of this CONFIDENTIALITY provision. In the event a party determines that the terms of this Quote have been disclosed to a non-party, then the non-disclosing party shall have the option to terminate this Quote upon thirty (30) days written notice to the disclosing party, and seek whatever other legal remedies it may have.

Before shipping, please review the Acceptable commodities list in SCQ 28 to ensure commodity is acceptable for movement.

Rate Adjustments: Prices are subject to selective increases.

Surcharge: In the event the average price of Retail On-Highway Diesel Fuel (as set forth below, the "HDF Average Price"), calculated monthly based on prices reported on the U.S. Department of Energy Website (eia.doe.gov) equals or exceeds \$1.35 per gallon, UP will apply a fuel surcharge to linehaul freight charges referencing or subject to this authority. The fuel surcharge shall be applied to the linehaul freight charge for each shipment having a bill of lading dated on or after the 1st day of the second calendar month following the calendar month of a given HDF Average Price (e.g., a fuel surcharge applied beginning July 1 would be based on May's HDF Average Price).

The HDF Average Price for a given calendar month will be determined by adding the weekly Retail On-Highway Diesel Fuel prices reported on the U.S. Department of Energy Website (eia.doe.gov), and dividing the result by the number of weeks so reported. The result will be rounded to the nearest cent. If the Department of Energy ceases reporting of the price of Retail On-Highway Diesel Fuel, UP will employ a suitable substitute source of price or measure. The following schedule reflects the applicable fuel surcharges within the HDF Average Price ranges noted below:

<u>HDF Average Price (Per Gallon)</u>	<u>Fuel Surcharge (Percentage)</u>
\$0.00 to \$1.349	0.0%
\$1.35 to \$1.399	1.5%
\$1.40 to \$1.449	2.0%
\$1.45 to \$1.499	2.5%
\$1.50 to \$1.549	3.0%
\$1.55 to \$1.599	3.5%
\$1.60 to \$1.649	4.0%
\$1.65 to \$1.699	4.5%
\$1.70 to \$1.749	5.0%
\$1.75 to \$1.799	5.5%
\$1.80 to \$1.849	6.0%
\$1.85 to \$1.899	6.5%
\$1.90 to \$1.949	7.0%
\$1.95 to \$1.999	7.5%
\$2.00 to \$2.049	8.0%
Each \$0.05 per gallon increase thereafter	Additional 0.5%

In no case will freight charge(s) be reduced below the Base Freight Charge(s) as a result of the application of this Item, nor will application or removal of the fuel surcharge be retroactive.

Effective: September 22, 2008
 Expiration: December 31, 2100
