Union Pacific Offers the Fastest Mexico Service

Passport is a seamless, rail-truck ramp-to-door/door-to-ramp delivery option to and from more than 100 Mexican locations via the Laredo, TX and Nogales, AZ gateways. With extensive coverage throughout Mexico, Passport service utilizes EMP & UMAX containers and clears Customs at the border. Passport relies on REZ-1 to coordinate all reservations and billing for this service. Rates include all border fees, fuel surcharge, and container per diem charges in Mexico. Daily equipment charges for REZ-1 are not assessed while the unit is in Mexico (excluding detention).
