UP Reciprocal Switching Circular

Effective January 1, 2001 all reciprocal switching items and charges published in UP Tariff 8005-E were cancelled in their entirety and replaced by this new circular. Remaining active provisions of UP Tariff 8005-E were transferred to UP Accessorial Tariff 6004 or cancelled, account obsolete.

On June 1, 2001, former CHTT reciprocal switch charges and roster of open industries were transferred to this circular from former CHTT Tariff 8001-J. Remaining active provisions of CHTT Tariff 8001-J were transferred to UP Accessorial Tariff 6004 or cancelled, account obsolete. Former CHTT industries are now referred to as UP industries.

GENERAL RULES AND REGULATIONS

STATIONS LISTS AND CONDITIONS

This circular is governed by OPSL 6000-series as follows:

When a station is abandoned as of a date specified in the above named tariff, the switch charges for such station, as published in this circular, are inapplicable on and after that date.

DEFINITION OF TERMS USED IN CONNECTION WITH CHARGES NAMED HEREIN

INDUSTRIAL TRACKS

A track serving a particular industry, whether located upon the property of UP or upon property owned or leased by the industry.

INTERCHANGE TRACKS

Interchange tracks are tracks on which cars are interchanged between UP and connecting lines.

INTERMEDIATE SWITCHING

A switching movement between interchange tracks of one carrier to interchange tracks of another carrier.

INTRA-TERMINAL SWITCHING

A switching movement of traffic originating at and destined to points located on the tracks of this company within the switching limits of one station or industrial switching district.

LINE-HAUL

Movement between stations that are not located within the switching limits of the same station.

RECIPROCAL SWITCHING

An arrangement between carriers where the carrier physically serving the industry performs switching service for loading or unloading on behalf of the other carrier on shipments having an immediately preceding or following line-haul movement via the other carrier. UP will provide reciprocal switching only to or from UP customers specifically listed in this circular. Line-haul shipments to or from UP customers not listed must move in UP line-haul service.

TEAM TRACK

A track or tracks assigned by UP for use of the general public. All team tracks are closed to reciprocal switching.

CHANGES IN OR ADDITION OF FIRMS OR INDUSTRIES AT STATIONS ON THE UNION PACIFIC

UP will only switch line haul traffic to or from industries named herein. New industries which locate on UP will not be subject to reciprocal switching unless and until listed herein.

CAR DEMURRAGE RULES AND REGULATIONS

Except where otherwise provided, all cars handled under the provisions of this tariff will be subject to demurrage and storage rules and charges as provided in UP Rules Tariff 6004-series.

RECIPROCAL SWITCHING SERVICE WHERE NO CHARGES ARE PROVIDED HEREIN OR WHERE SWITCHING IS PHYSICALLY PERFORMED BY OTHER CARRIERS

(a) Where no reciprocal switching charge is provided in this circular, switching service will not be performed.

(b) Where reciprocal switching is physically performed by a carrier other than UP at terminals for customers named in this Circular. Reciprocal Switching charges of those other carriers govern.

NON ABSORPTION OF INTERMEDIATE CARRIER'S SWITCH CHARGE

Except as otherwise provided, when UP reciprocal switching charge is absorbed in whole or in part by a connecting line-haul carrier, and interchange between UP and the line-haul carrier is effected by an intermediate carrier, applicable tariff charges assessed against UP by the intermediate carrier for the switch movement of a loaded freight car from or to the connecting line-haul carrier or for the return of an empty car to the line-haul carrier will be added to and become part of the UP reciprocal switching charge.

RECIPROCAL SWITCH CHARGES PUBLISHED IN THIS CIRCULAR WILL NOT APPLY ON THE FOLLOWING:

Traffic from or to industries covered by contracts to the extent inconsistent with this circular. TOFC/COFC traffic.

MILEAGE ALLOWANCE PAYMENT ON PRIVATE EQUIPMENT

All private cars handled under the provisions of this Circular will not be subject to allowance applicable under Union Pacific Railroad Company's tariff UP-6007, as amended, supplemented, and/or reissued. Mileage allowance payment on private equipment will not apply.
