

Where we have tracks, we have ties.

For more than 100 years, we've proudly been a part of Oregon and its many communities along our rails. The hard work of our employees in this great state affects everyone in the nation. Their dedication helps deliver the goods America needs—from cars to electronics, from timber to steel. To find out more about our commitment to Oregon and the opportunities ahead, visit UP.com/Oregon.

BUILDING AMERICA®
